**VII.A.2. 2016 Legislative Session- Bills Impacting Nursing Regulation – HB 2501; HB 2362; SB 1443; SB1444; and other Bills Impacting Health Regulatory Boards-G Harris**

Harris discussed how the Governor signed HB2362, the enhanced NLC, so Arizona is in the first wave of states joining it.

Other bills had to do with Boards and antitrust legislation. He attended many meetings about how that might impact this Board. Those discussions will continue.

The Board has different roles related to legislation, such as taking a position of advocacy, or to explain to the legislature the impact on the profession if passed.

There will be difficult issues we have to deal with will carry over to next session.

Joey said this has been one of the busiest legislative sessions we have had, and Harris’s role has been more critical than ever to help legislators understand the Board’s role and processes. Joey publically thanked Harris.

Randy asked about what the Board might want to consider, with our current statutes, knowing that all Boards will be under increased scrutiny next year. Greg said that for the Governor’s Office, and the legislature, the Board is not the main subject, but happens to be in the group of all healthcare boards. Harris asked that we look at 41-1030, regarding when the Board makes licensing decisions, such as to grant or discipline a license, and ensure that we have a statute for what we are doing, and that we do nothing outside those parameters. The Board was under scrutiny recently during the sunset review, and had to continue to explain that our process is different than the Medical Board’s process, and that if changes are made to our statutes, the Board has to have the framework in place to implement them, and that our volume of licensees is much greater than the Medical or Dental Boards. Harris said the Board needs to continue to be present in discussions related to healthcare regulation changes.

Harris said that although the Board and other medical boards and trade associations had differences in some of the recent legislation, there were other areas where there was agreement and an ability to work together.

Harris wanted it recognized that this Board has a lot of expertise that can be depended upon.

Randy asked Harris about transparency issues, and other boards’ overuse of Letters of Concern. Harris said that he does not know what the legislature understands about this Board’s Letter of Concern process. A Letter of Concern was previously contemplated as a warning, but still a dismissal, but in today’s world of online access to everything, it is his opinion that a Letter of Concern has almost morphed into a Decree of Censure, without due process. He said employers make decisions based on Letters of Concern, and wondered if they should continue to exist. He said a question to discuss is whether or not a Letter of Concern is still a dismissal.

Harris left the meeting at 5:17 p.m.

SB 1443 was not approved.

**VII.A.4. Certified Nursing Assistant & Licensed Nursing Assistant Statutes Effective July 1, 2016 – Educational Tools/Information- Randolph; New Pathways for Investigations – Dahn**

Due to the addition of LNA as a credential, and similarity to the CNA credential, Board Staff have developed tools to help explain each. Randolph created a PowerPoint presentation that is available on YouTube. The video was played for the Board. Comments afterward included information from Joey that acute care facilities seem to prefer the higher level of licensure, but it is not clear if long term care facilities will prefer CNAs or LNAs.

Also the Board is updating to ORBS, a new licensure database, during July 2016, at the same time the LNAs are being added, so those CNAs due for renewal in July are being encouraged to apply early.
