VII.A. Executive Directors Report – Ridenour

**VII.A.2. Update on House Bill 2196–Certified Nursing Assistant Program–
Harris/Ridenour/Bontrager/Orchard**

Greg Harris noted that the legislature requested the Board of Nursing purpose a solution to ensure the long-term financial stability of the Certified Nursing Assistant program the Board oversees. As a result of that mandate, House Bill 2196 was introduced. Currently, it has cleared the Senate Committee and goes back to the House for review. Harris and the Executive Director have been working closely with the stakeholders which has resulted in the proposed program to have the licensed nursing assistant (LNA) for

those who wish to be licensed by the Board, and retain the certified nursing assistant (CNA) for those who wish to successfully complete the training and testing only and then be placed on a Registry. Joey Ridenour expressed appreciation to the long term care community who worked closely with the Board on this proposal. Ridenour clarified that with H.B. 2196, the Board will continue to investigate any complaints reported regarding licensed nursing assistants, and will address only abuse, theft, and neglect complaints that are reported on certified nursing assistants. Harris stated that the Board's budget for FY2016 included additional appropriation to support the CNA program

Harris reported there was a lot of discussion on the content of the Nurse Licensure Compact and the Advanced Practice Registered Nurse (APRN) compact at the National Council State Boards of Nursing midyear meeting held March 16-18, 2015. A meeting is scheduled for April 20, 2015, to have further discussion on strategies. The Board President and Executive Director will be attending a delegate meeting on May 4, 2015, where the content will be further discussed and a vote taken. A request was made for a motion from the board, authorizing the President and Executive director to participate in the discussion and vote on the purposed changes that would be best to include in a revised compact. Ridenour noted that the compacts include the current compact for RN/LPN's, known as Compact – version #1; the revised compact, known as Compact – version #2, and the APRN Compact. Harris noted that the Federation of State Medical Boards (FSMB) is also developing their own compact to streamline the licensing of physicians. The main concern with FSMB regards the surrender of state sovereignty and control. Harris stressed the importance of building strategic alliances to be successful.
